

This check sheet is a resource to help you determine which prerequisite courses you need to begin OSUs **AuD** program. We encourage you to refer to your college transcripts, course descriptions/course syllabi, and the information below to assess which prerequisites you may need. If you are uncertain of whether a course from another institution fulfills our prerequisites, please send course information (name of institution, course title and number, and a detailed course description/syllabus) to Graduate Program Coordinator, Sarah Wendel at [wendel.13@osu.edu](mailto:wendel.13@osu.edu). We do not provide full transcript reviews for prospective students.

Content Area	OSU Course Equivalent	OSU Course Description	Courses that probably <b>DO</b> meet this requirement	Courses that <b>DO NOT</b> meet this requirement	Institution	Course Title and Number
<b>College-level Algebra/ Trigonometry</b>	Math 1148 or higher	College-level algebra/trigonometry or higher college level math course	College-level algebra, trigonometry, or higher	Statistics
