

Free Workshop Opportunity!

# Primary Progressive Apraxia of Speech (PPAOS)

**Saturday, May 14, 2016**

8:30 AM – 11:30 AM

OSU Wexner Medical Center – James  
Cancer Hospital, Room L035  
Columbus, Ohio

**Presenter**

Edythe Strand, Ph.D., CCC-SLP  
Emeritus Consultant and Emeritus Professor  
Division of Speech Pathology  
Department of Neurology  
The Mayo Clinic  
Rochester, MN

**CEU information**

The course is offered for .3 ASHA CEUs  
(Intermediate Level; Professional Area)

This program is cosponsored by the  
Department of Speech and Hearing Science;  
The Ohio State University

**Who should attend?**

Speech-Language Pathologists employed in a variety of settings, as well as for students enrolled in SLP coursework.

**Program Summary** This course will introduce a relatively new motor speech disorder-- Primary Progressive Apraxia of Speech (PPAOS). Attendees may be familiar with Primary Progressive Aphasia, but are less likely to have gained basic information about PPAOS, which has been found to be the first and sometimes only sign of progressive degenerative neurologic disease. In this presentation, participants will learn about the nature of PPAOS, how it is being identified, described, and studied. They will also learn how to present the implication of this disorder to professional and lay audiences.

Red Rock Educational Publication is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

To register, please contact Shannon Hand, 614.292.6251 or [hand.21@osu.edu](mailto:hand.21@osu.edu) by 5-9-16. Please specify the **Saturday adult workshop** when registering!
